SUBSCRIPTION ANALYSIS

Subscription vs. Non-Subscription

73%

Non-Subscribers

2,847 customers

$59.87 avg spend

27%

Subscribers

1,053 customers

$59.49 avg spend

Key Finding

No significant spending difference between subscribers and non-subscribers

Subscription value should focus on **frequency**, not transaction size

Made with GAMMA

DISCOUNT STRATEGY

High-Value Discount Users

839 Customers

Used discounts but spent above average ($59.76)

Premium Opportunity

Promotion-sensitive yet high-value segment

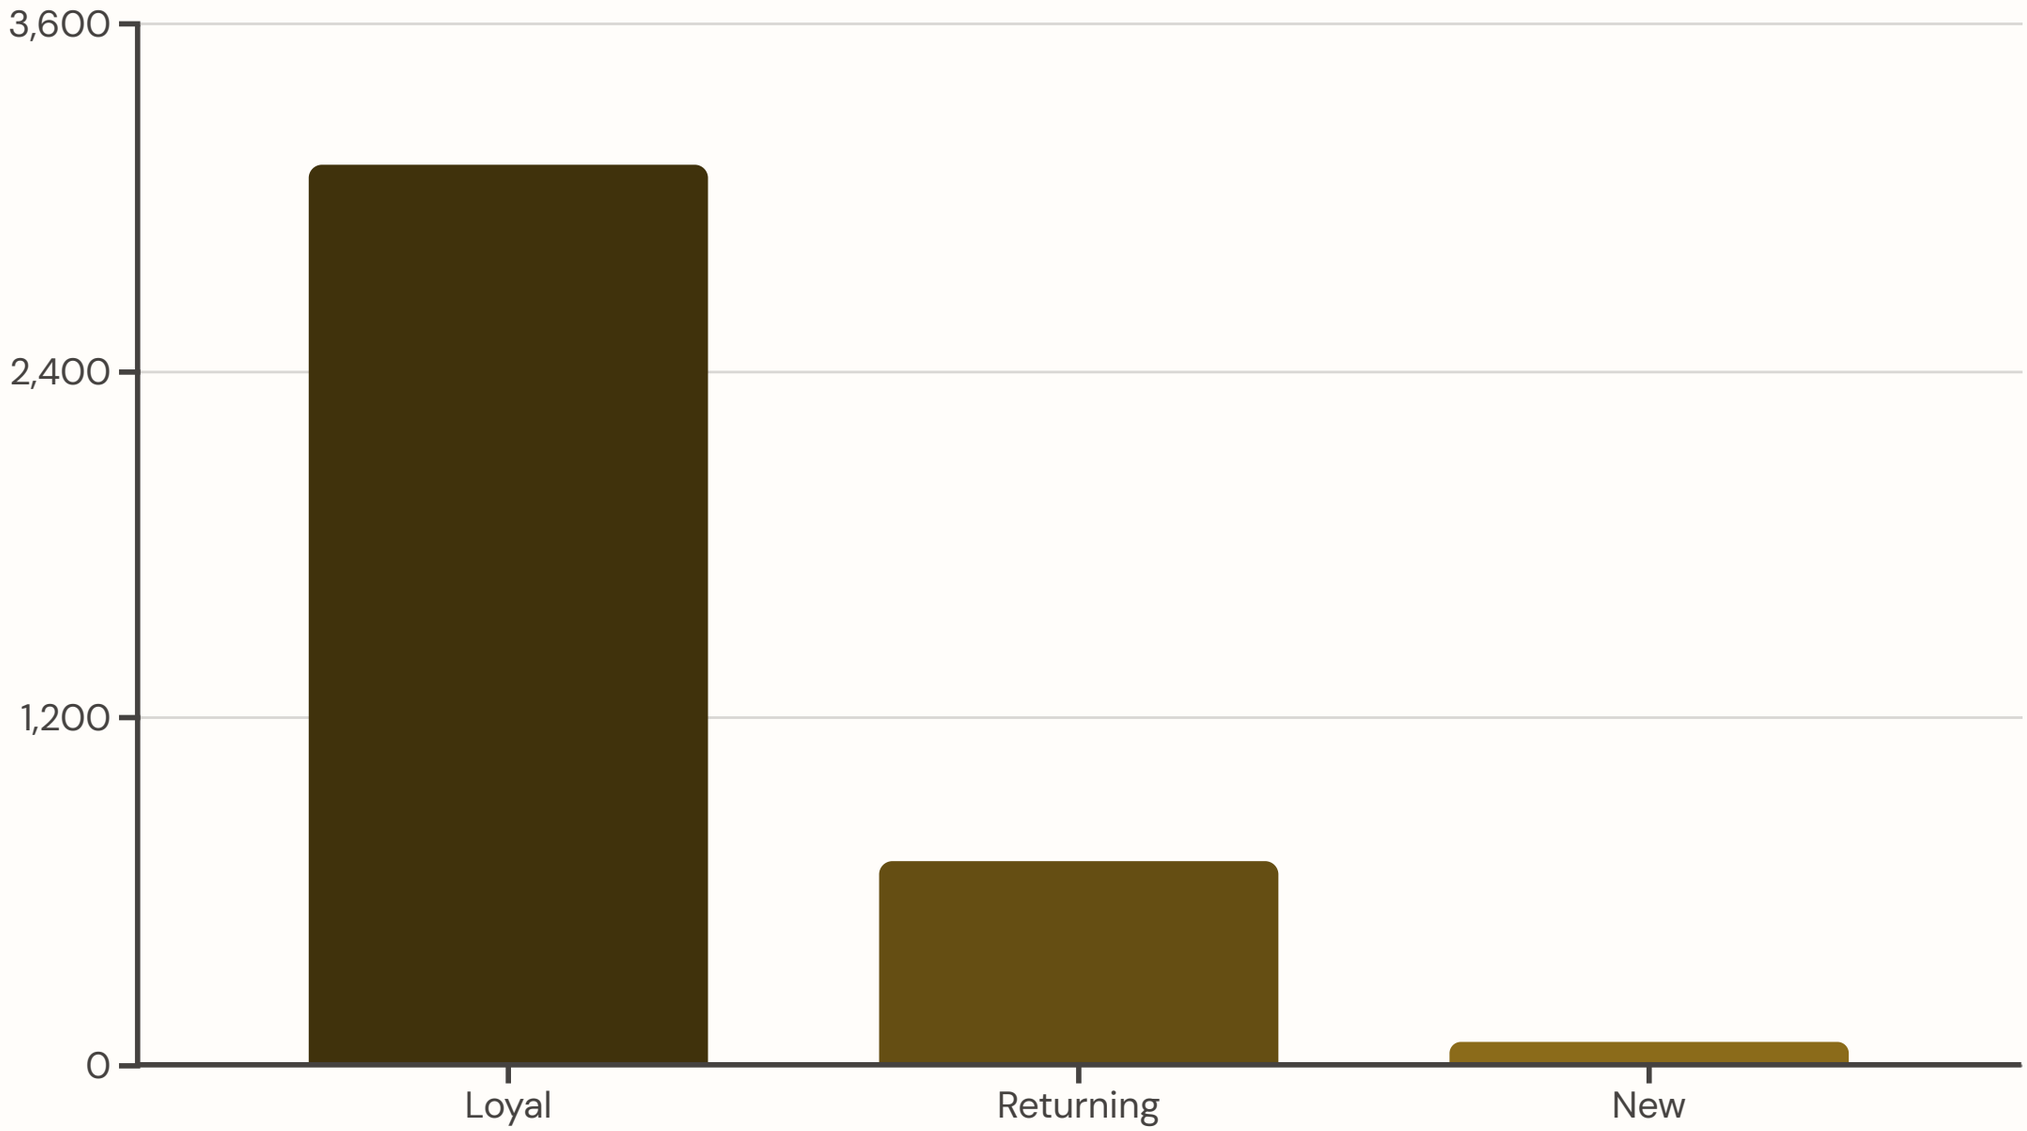
Targeted Approach

Threshold-based discounts yield higher returns

Made with GAMMA

CUSTOMER SEGMENTS

Customer Loyalty Distribution



80% of customers are loyal (10+ purchases), indicating strong retention but limited new customer acquisition

STRATEGIC RECOMMENDATIONS

Key Business Actions

01

Pivot Subscription Strategy

Focus on purchase frequency, not transaction value. No spending difference exists between subscribers.

02

Optimize Inventory Mix

Reallocate budget from Outerwear to high-velocity Clothing and Accessories categories.

03

Target High-Value Discount Users

Create threshold-based retention program for 839 promotion-sensitive, high-spending customers.
